

Medicare Rx Update: January 4, 2006

CMS deeply appreciates the significant role pharmacists play in the implementation of the new Medicare Part D benefit, especially during the early stages of implementation. To assist you with new procedures associated with processing prescriptions for Medicare Part D beneficiaries, CMS will sponsor a teleconference for pharmacists tomorrow, January 5, at 12 PM EST. Please call (800) 798-2796, passcode 51906156, to join the call.

Since we understand the demands on your time, we will limit this conference call to 30 minutes. The types of issues we will cover are included in the below document.

Quick Answers to FAQs on Processing Claims for Dual Eligible Beneficiaries
